BUDGET MESSAGE

Dear Citizen:

The following budget is presented for your review as required by the statutes of the State of New Jersey. Prior to the actual budget, we have included an analysis of the proposed tax rate as compared to the actual tax rate for 2007.

The section entitled "Recap of Split Functions" reflects the total appropriation for a specific item of operating expenditure which is included in more than one area of the budget. In this way you may readily ascertain the total cost for that particular function of municipal expenditures.

Also included is an analysis of the municipality's budget expenditure "CAP". The CAP, as required by state statute, allows a 3.5% increase over the previous year's budget with certain allowable adjustments.

Also included is an analysis of the municipality's tax levy "CAP". The levy CAP, as required by state statute, allows a 4% increase over the previous year's local tax levy with certain allowable adjustments.

The budget is presented in such a way that you may easily distinguish the prior year's budget and actual expenditures in comparison to this year's budget.

I. Tax Rate

As of the date of introduction of this budget, the Local School and County Tax Rates have not been determined. Therefore, the 2008 tax rate and levies are subject to revision when final certification is made by the County Board of Taxation.
