

## National Breast Cancer Awareness Month

For more information about National Breast Cancer Awareness month contact your local health department today!

"There can be life after breast cancer. The prerequisite is early detection." - Ann Jillian

### Non-Invasive Cancer V.S. Invasive Cancer

Non-invasive cancer occurs when abnormal cells grow inside milk ducts but does not spread to nearby tissue.

Invasive cancer occurs when abnormal cells grow inside the milk ducts and spreads to nearby tissue. Nearby tissue could be the lymph nodes (underarm area).
