#	Responses	Date
1	Too many Nixle alerts- do not need for road closures.	9/6/2014 8:56 AM
2	1. It is good to share what services license and fees pay for, pet licenses. 2. It is good to periodically ask citizens how they value the services the borough provides, and what services they would like to see, to help make sure they stay relevant. 3. It is good to make sure we include the hispanic community in our services. I am interested to see and hopefully participate in the recent show of support for our citizens with mental health issues. It is good to solicit additional volunteers for borough activities as I have seen in the paper so that as many that are interested in the borough know their input and participation is welcome. It is important for the borough leadership not to become insular.	8/25/2014 10:24 PM
3	Nixle Alert should be for emergencies only. Not parades, BBQs, etc	8/21/2014 3:00 PM
4	un user friendly website; not set up to clearly identify destinations easily, quickly and know what I'm looking for !! Wish that there was an online way to communicate with police dept about cars that will be parked on street overnight. I feel like I'm bothering the dispatcher for a call that is so non emergent. thank you	8/21/2014 6:51 AM
5	Pave Ridgedale Ave. please. Road repair schedules used to be posted on Rosnet.	8/18/2014 4:12 PM
6	This is a waste of my tax dollars!	8/18/2014 11:37 AM
7	I've had multiple issues with paying my utility bill online which has been infuriating. I don't understand why it's so easy to pay my tax bill yet so difficult to pay my water and electric. I would like to see an auto pay and paperless option.	7/30/2014 8:16 AM
8	Please make it possible to schedule a payment for electricity payments, the new online payments are great but require paying immediately or remembering to pay close to the due date, most online payments allow you to schedule your payment at a future date. e bills would also be useful with a link to the payment page to flag to follow up instead of wasteful paper and mail costs.	7/28/2014 9:46 AM
9	You need to do away with "fee" interest charge on Electric bills!	7/23/2014 2:31 PM
10	How and where can I find notice of when council and other meeting are on Cable TV	7/23/2014 2:26 PM
11	I suggest to change the pet license process to a rolling process; that is, you should not accept applications only at a given month. When a person applies for license, and the rabies shots are valid, the pet license should cover the entire period till the shots are valid. You should accept applications at any given time. Late fee should only be charged if a person does not reapply within 2-3 months of the expiration date.	7/23/2014 10:23 AM
12	I viewed my first Council meeting on public access. I think this service could be publicized more. Not sure this has to do with the Borough but I would really like to see the district take advantage of the public access channel.	7/22/2014 5:42 PM
13	Communications from the Boro and police that refer to specific neighborhoods should define the neighborhood by location (street names etc.) and not just name of neighborhood which isn't always known to folks who haven't lived in Madison forever	7/21/2014 1:56 PM
14	Maybe I'm missing something but I don't feel there is much communication between the government and it's residents at all. I feel that I'm not informed about what is going on in town. I would love to be put on an email list where the government distributes important information. Maybe the town can let the residents know somehow that they are accepting email addresses	7/20/2014 6:32 PM
15	Meeting times are not useful as I am raising a family and commute to NYC for work	7/16/2014 6:37 PM
16	DPW should be audited and benchmarked against other neighboring towns for efficiency and quality of service. It is clear that the DPW is not well run, disorganized, and runs day to day by the seat of its pants. Time for a change in management.	7/16/2014 1:48 PM
17	very upset about the way the town handles commuter parking. We are required to buy yearly permit and then must hold it until Jan 1 to use it. without a warning we all get tickets after Jan 1. That is wrong. spoke to bob Conley about it	7/16/2014 1:48 PM

Madison Community Engagement Survey 2014

18	I would prefer parking meters in town - rather than having someone mark my tires - we are the only town that does that -	7/15/2014 2:23 PM
19	TOO MANY DOUBLE STANDARDS REGARDING DECISIONS MADE IN THIS TOWN.	7/15/2014 2:17 PM
20	I hope you replace Francine DeAngelis with someone else who is at least half as good as she is.	7/15/2014 2:04 PM
21	(excellent) 1 - Patty 2 - Sally	7/15/2014 2:03 PM
22	I'm going to miss Ms. DeAngelis (Tax Collector) - her personality as well as her efficient competence.	7/15/2014 1:59 PM
23	Question 2 allows for more than two departments to be selected. Your survey results will not be correct, since some participants may limit their answer to two, and others will select more than two. Question 6 does not allow for someone to be 20 years old.	7/9/2014 9:51 PM
24	Have the council liaison attend Board of Education meetings!	6/27/2014 10:08 AM
25	Nixle Alerts are fantastic. They come in handy so often: from planning my commute to resting assured that what I thought were gunshots were just fireworks. Utility billing online is convenient, but would be great if I could pay by credit card without having to enter it each time. Dog licensing reminders were thorough, and my pet's license was processed super fast!	6/24/2014 9:14 PM
26	some departments are not very responsive. website is looking old, cluttered, and filled with stuff that's no longer relevant	6/20/2014 1:28 AM
27	The Language Workshop for Children loves Madison. We rent commercial space in a number of towns, including Montclair, Ridgewood, and Manhasset, Long Island. Hands down, Madison is the best and most balanced, responsive, merchant-supportive, and sane municipality that we know of, by a long shot.	6/18/2014 8:39 AM
28	Rosenet has consistently disappointed - I would like to ask the site a question and get directed to an answer. My opinion: Nixle - too much. News media - useless. Attend meetings - you've got to be kidding. Social - too crowded. Email - too invasive. Internet - just right.	6/17/2014 10:55 AM
29	The Borough (Mayor, Council, all staff departments) is doing reasonably well with communications, but could be doing much better, particularly if it used the full capabilities provided by RoseNet. It would be helpful to the whole community, for example, if all of the (non-private) Q & A flowing in and out between public and Borough were to be made available to the public in a blog or FAQ format.	6/17/2014 8:34 AM
30	The online payment process still needs work. Emailed bills would be fantastic. Save the paper and postage	6/17/2014 8:28 AM
31	Recycling to be picked up cardboard and cans each week even if it means extra fees. Recently had to deal with the police and had excellent experiences.	6/16/2014 11:35 PM
32	When Madison flags are flown at half staff, it would be nice to know why and who is being honored. Could this be posted somewhere?	6/16/2014 11:00 PM
33	Borough website doesn't always work properly.	6/16/2014 10:45 PM
34	GREAT PLACE TO LIVE, RAISE CHILDREN AND GROW OLD...AFTER 55 YEARS I AM MORE COMMITTED THAN EVER TO STAY AND CONTRIBUTE	6/16/2014 10:30 PM
35	Is there a way to make an automatic payment for my Utility bill. Sometime I forget it and would be so much easier to just set an automatic payment linked to my bank account.	6/16/2014 10:00 PM
36	For me, rating the customer service statements was simple and straightforward. I had more difficulty rating the communications statements. Question 4 was broadly focused on communication about events, issues, meetings, etc., while question 3 narrowly focused on the Borough's "decision-making processes" and I'm not sure I understand what you all were trying to get at there. In any event, good luck and thanks for your efforts to reach out to the public for input!	6/16/2014 9:52 PM
37	Nixle is a valuable tool when used for important information. It is underused for the important and overused for the mundane.	6/16/2014 8:23 PM
38	Nixle alerts are too frequent. Road closures do not need to be sent via text.	6/16/2014 7:06 PM
39	I rely on Nixle the most. However, I do not find that it is used consistently or timely. Some power outages are reported, others - you need to call the police to find out they already know about it. Sometimes scheduled road closures are reported after they are closed instead of a number of hours before so you can plan around them. Very inconsistent.	6/16/2014 5:58 PM

Madison Community Engagement Survey 2014

40	to answer emails and to call back for messages sent to them.and when they promised to check the site they should show up and let us know what is the findings.	6/16/2014 4:11 PM
41	Everyone is always so helpful..never had a problem they couldn't fix	6/16/2014 2:27 PM
42	Having meeting rebroadcast on cable is very good first step. Regular announcement and publication of broadcast schedule, even better. Nixle to my mind is about emergencies or notices that might effect me or our community directly. E.G. Missing person in Capre may or Bridgewater may be of concern, but not of such direct concern so as to get tx tmsg or email. Glenwild Rd, was changed to one way st during vertain school hours. Residents not given notice or opportunity to comment.	6/16/2014 2:08 PM
43	There has been a feral cat problem in the Park Ave - Loveland - Plain St area for years without any resolution by agencies contacted	6/16/2014 1:46 PM
44	When there is voting on property taxes and school budgets there should be more communications with people who's kids are not in system!!!!	6/16/2014 11:59 AM
45	Clerks in the Utlity Billing Office are not very friendly. Never smile...	6/16/2014 11:22 AM
46	rosenet is full of old useless info, yet missing critical stuff like the complete ordinances and resolutions that council will be voting on, or frequently called numbers in an easy to find place. the utilities payment site is challenging to use - why two logins, not one, and, why can't it be set up to automatically debit our bank accounts for the full payments automatically when they are due monthly or quarterly. same for property tax payments. rosenet should also have a page that has daily updates on where road construction will impact traffic.	6/16/2014 11:04 AM
47	Nixle is a great service. However, it is over-used. It should be used for emergencies, potential emergencies. It should not be used to announce community events, boro matters, etc.	6/16/2014 10:51 AM
48	The website ought to be redesigned as a better organized portal to all public borough communications and documents.	6/16/2014 10:48 AM
49	Form to set up utility service is quite confusing. I wasn't sure what I was supposed to complete and what my landlord was supposed to complete.	6/16/2014 10:44 AM
50	The website is not user friendly at all. It needs to be brought up to date.	6/16/2014 10:44 AM
