 5 Drop off at station (unmarked)

**LINCOLN PLACE STREET IMPROVEMENTS-LONG TERM**  
 Madison, NJ  
 DATE: 6.4.09

### Raised Crosswalks:

1

Makes crossing easier for pedestrians without the use of ramps. Slow vehicles, creating a speed bump. Use stamped asphalt or special paving to mark the crosswalk. Stamped asphalt is less expensive, but requires maintenance. Use stencils to warn drivers of crosswalk. Provide maintenance.

### Traffic Circle:

2

- Seasonal flower display and directional signage
- Focal point for Lincoln place
- Gateway and identity for Lincoln Place

### Extended bulbout and corner plaza:

3

- Adds significant public space for seating, transit stop, landscaping, and/or pedestrian amenities
- Can include trees, landscaping, and infiltration areas

### Existing Driveways:

4

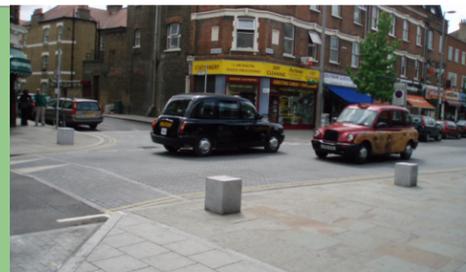

- Reduce existing driveways width to discourage drive-through shortcuts
- Provide planting beds with landscaping and additional parking along the reduced pavement widths
- Using permeable pavements will demarcate driveways and provide stormwater benefits

### Widen Sidewalks and create safety pedestrian area between road and retaining walls

5

- aaa
- 3' Wide permeable pavement safety walk between wall and roadway:

### Parking Lane tree Pits:

6

- Add attractive trees and greenery to the streetscape and visually narrow the street to calm traffic
- Can be designed to drain and infiltrate stormwater runoff

### Center Median:

7

- Visually narrows the street to calm traffic and adds pedestrian refuge in crosswalk
- Can be landscaped with planting beds

### Flexible Parking Zones:

8

- Parking spaces can be temporarily/seasonally claimed for seating in front of cafes, bicycle parking, or other uses reflective of adjacent land use.
- Temporary installation can be low cost and modified with the changing needs of the street.

### Mid-block Crossings and Mid-block Curb Extension Plaza:

9

- Provides usable open space for landscaping, furnishings, cafe, movie related seating and other pedestrian amenities.
- Visually narrows the street to calm traffic.

TRAFFIC CALMING MEASURES RECOMMENDED FOR LINCOLN PLACE
