Madison, NJ 07940**

Application for Solar System

Date: _____

Name and address of Solar Vendor and primary contact for correspondence:

Contact Name: _____ E-mail _____

Telephone Number: _____ Vendor Signature: _____

Owner's Name and Street Address of Solar Installation:

Owner's E-mail Address: _____

The following is required to process this application:

1. \$500.00 non-refundable application fee. Checks to be made out to: Borough of Madison
2. 2 sets of plans and specifications of the system you wish to install, including single line drawing diagram and details of protective schemes. (Borough Code, Article 6.04, Electric Utility Department Rules & Regulations).

After review of plans and specifications by our electrical engineering consultants, you will receive a letter and a copy of their review. The letter will include instructions to go to the Borough's Construction Code Office to apply for the installation permit and payment of the applicable permit fees.

Upon final approval and connection to the electric grid, the customer shall enter into a written agreement with the Borough by completing the Interconnection Application / Agreement and returning it along with a check for payment of the solar meter made out to: Borough of Madison.
